

IT MIGHT BE TODAY

ET Phone Pope

I read or listen to the news with a Christian worldview and, especially, an ear for how things are corroborating centuries old Bible prophecies regarding the last days. Each week I present my findings as a Prophecy Update.

UFO's are a phenomena we must account for. According to research by Dr. Hugh Ross:

- There have been more than ten million UFO sightings.
- There have been more than one thousand cases of 'physical effects' from a UFO.
- There are more than two thousand cases of contact with alien 'astronauts.'

I'm sure those numbers have greatly increased since they were first published.

One in every ten Americans has seen a UFO, including presidents Andrew Jackson and Jimmy Carter and astronauts James McDivitt and Gordon Cooper.

There are always UFO sightings, practically everyday, somewhere in the world.

This past week I came across two significant, mainstream news stories about contact with ET's.

ExpoPolitics Finland posted a story titled, *Vatican prepares for extraterrestrial disclosure*. It reported on a five day conference at the Vatican on astrobiology where scientists convened to discuss the detection and implications of extraterrestrial life.

Excerpts:

A major driving force behind the conference was the Director of the Vatican Observatory, the Jesuit priest Father Jose Gabriel Funes. In May 2008, Funes gave an interview to the Vatican's L'Osservatore Romano newspaper saying that the existence of intelligent extraterrestrials posed no problems to Catholic theology... Together with Funes' 2008 interview and subsequent public comments by him, the conference demonstrates a welcome openness by the Vatican on the possibility and implications of extraterrestrial life.

The National Post posted a story titled, *Ex-U.S. congresswoman presiding over ET hearings as witnesses try to prove alien coverup*.

Excerpts:

Ex-U.S. Rep. Carolyn Cheeks Kilpatrick of Detroit and six other former Congress members are presiding over hearings on the existence of extraterrestrials.

The 30 hours of congressional-style hearings kicked off Monday and are scheduled to run through Friday at the National Press Club in Washington, D.C.

Those testifying hope to prove that aliens contact Earth – and that the government is trying to keep it secret.

This next source is admittedly a little bit on the fringe but the information seems legit. It's from 2008. According to UFO researcher Michael E. Salla,

I recently circulated an article describing a secret meeting that allegedly occurred at the New York office of the United Nations discussing UFOs/extraterrestrial life.

The confidential source for the meeting is presently working as a member of the diplomatic community who relayed this information to two New York based researchers, Shawn and Clay Pickering.

I am pleased to announce that I have received independent confirmation that the alleged meeting did occur on the morning of February 12, 2008 as Clay's and Shawn's source claimed. I was also given information by an independent source, who I believe is very reliable, on what transpired at the meeting. It was claimed that a document had been circulated at the meeting, and was now being relayed to key ministries of many nations for further study and comments... the document.. allegedly refers to an offer by extraterrestrials to help prepare humanity for the disclosure of extraterrestrial life. The meeting also apparently discussed how the UN was being encouraged to take a proactive stand on the release of secret technologies that will enable the development of free energy.

The date 2013 was given as the time when extraterrestrials would unambiguously appear.

Students of Bible prophecy note that in the last days there will be a great supernatural deception, perpetrated by demons upon nonbelievers. It might coincide with the resurrection and rapture of the church as a way of attempting to explain what happened.

So-called aliens are really nothing more than demons. All the UFO phenomena can be adequately explained as demons preparing humans for a great deception that the Bible predicted would occur in the end times.

The explosion of interest in UFO's and the growing belief aliens exist and have already visited earth is a trend you'd expect from reading Bible prophecy.

The resurrection and rapture of the church is imminent. Are you ready to be caught-up to be with Jesus?

If not, get ready, stay ready, and keep looking up. ***Ready or not, Jesus is coming!***
