

# IT MIGHT BE TODAY

## "You're So Vein"

Week-after-week for the past seven years we have presented a weekly Prophecy Update.

According to estimates by scholars, somewhere between two-thirds and three-fourths of the nearly 2500 prophecies in the Bible have been fulfilled **to the letter**.

We therefore expect the remaining last days prophecies to be literally fulfilled.

Since that is the case, we should be able to look at news and trends in the world and see things lining up for their fulfillment.

I came across this headline: *New cash machines: withdraw money with veins in your finger.*

You hear something like that, and even if you are not a Christian, you can't help but think of the chilling predictions in the last book of the Bible.

In the Revelation of Jesus Christ, the apostle John saw a future in which all business would be conducted by what he referred to as a "mark" upon the hand or forehead.

Multiple technologies for that scenario exist right now. This finger vein reader is just the latest.

Here are a few excerpts from the article:

Cash machines could soon be installed with devices that identify customers by reading the veins in their fingers.

The technology is already being rolled out in Poland, where 1,730 cash machines will this year be installed with readers, negating the need for a debit card and PIN.

Developed by Hitachi, the Japanese electronics firm, the machines read the patterns of the veins just below the surface of the skin on your finger using infra-red sensors.

The light is partially absorbed by hemoglobin in the veins to capture a unique finger vein pattern profile.

The technology is used by Japanese banks and also in Turkey, offering "groundbreaking levels of accuracy and speed of authentication," Hitachi said, which in theory tightens security.

The world is moving rapidly towards some system or systems by which we will be identified and conduct all of our business by some "mark" on us - whether it's veins in our finger, or our palms, or electronic tattoos, or some such other tech that we have reported on.

Jesus will return imminently to resurrect the dead believers of the church age, and that when He does He will also rapture living believers off of the earth. We will be changed in a moment, in the twinkling of an eye, and be transported to Heaven.

Are you ready for the rapture? If not, get ready, stay ready, and keep looking up. ***Ready or not, Jesus is coming!***
