

IT MIGHT BE TODAY

"Tatted Moto X"

Week-after-week for the past seven years we have presented a Prophecy Update.

According to estimates by scholars, somewhere between two-thirds and three-fourths of the nearly 2500 prophecies in the Bible have been fulfilled **to the letter**.

We therefore expect the remaining last days prophecies to be literally fulfilled.

Since that is the case, we should be able to look at news and trends in the world and see things lining up for their fulfillment.

For example since the apostle John saw a future in which a mark on your hand could identify you, and help you transact your daily business, we should be seeing things moving in that direction.

They are, and here is the latest example. A company called Vivalink has partnered with Motorola to provide a removable digital patch by which you can access a Motorola Moto X phone with having to manually enter your PIN or a password.

On their website they say,

Introducing **DigitalTattoo** - The simplest way to unlock your phone - you just be you.

One tap of the **Digital Tattoo** and your phone is ready for action.

The size of a nickel, it blends in on your wrist. Apply it and go. Your Digital Tattoo will hold through approximately five days of showers, swimming, workouts, and anything else you can think of.

<http://www.vivalnk.com>

Sold in packs of ten, they are about one dollar each.

On the official Motorola Blog site, they say,

Made of super thin, flexible materials, based on Vivalink's eSkin™ technology, each **Digital Tattoo** is designed to unlock your phone with just a touch of your Moto X to the tattoo, no passwords required.

It's another step in making it easier to unlock your phone on the go and keep your personal information safe. An average user takes 2.3 seconds to unlock their phone and does this about 39 times a day - a process that some people find so inconvenient that they do not lock their phones at all.

<http://motorola-blog.blogspot.com/2014/07/-unlock-your-moto-x-with-a-digital-tattoo.html>

Thank you, Motorola, for saving us one minute and twenty seconds a day. I'm not sure what we're going to do with all that time, but we'll think of something.

You know how *In-n-Out* puts Bible verses on their wrappers and cups? I wonder if Vitalink will put Revelation 13:16 on the Digital Tattoo, "and he causes all, the small and the great, and the rich and the poor, and the free men and the slaves, to be given a mark on their right hand or on their forehead."

Everywhere you look, the signs are pointing to the coming Great Tribulation and, beyond it, to the Second Coming of Jesus:

- Israel is a nation again - just as predicted 2500 years ago.
- Europe has risen as a united power, the revived Roman Empire.
- The technology exists to implement a global, cashless economy that is accessed by a personal identifier on you or in you.
- The church is experiencing a great falling away from the faith.

We see the signs; but we won't be here for the Great Tribulation. Jesus will return imminently to resurrect the dead believers of the church age, and that when He does He will also rapture living believers off of the earth. We will be changed in a moment, in the twinkling of an eye, and be transported to Heaven.

Are you ready for the rapture? If not, get ready, stay ready, and keep looking up. ***Ready or not, Jesus is coming!***
