

IT MIGHT BE TODAY

"Unidentified Demonic Object"

Week-after-week for the past seven years we have presented a Prophecy Update. This is #382 in that series.

The Bible is almost 30% prophecy, and most of the Bible's over 2500 prophecies have been fulfilled to the letter. We therefore expect the remaining prophecies of the Last Days to be literally fulfilled.

Occasionally we talk about UFO's. It sounds a little weird, at first, but UFO's, and everything surrounding them, is a huge phenomena that is gaining mainstream attention.

Almost everything associated with UFO sightings, even abductions, can be explained the way it has been for the centuries prior to the last few: **As the activities of demons.**

Here are a few recent UFO sightings and stories.

According to examiner.com, "UFO traffic during the first three weeks of December 2014 included low flying objects over Florida, Pennsylvania, New Hampshire, Vermont, Alabama, Michigan, California, Colorado and New Jersey, according to testimony from the Mutual UFO Network (MUFON) witness reporting database."

Several news outlets reported the following story, titled, *NASA live stream cuts out after alien UFO sighting, claims blogger.*

Excerpts:

UFO watchers are looking for anyone who might have been tracking NASA's live feed of the International Space Station on January 6.

According to Disclose.tv, veteran UFO hunter Toby Lundh spotted what he determined was an unidentified flying object just outside the space station as he was monitoring the live feed on his laptop.

In a text-message conversation with Blake at Disclose.tv, Lundh said he was sending a couple screen shots he took from the live feed before it was interrupted after 10 to 15 seconds.

Physicist Steven Hawking is pretty mainstream. He says aliens are most definitely out there, but it could be too dangerous for humans to interact with extraterrestrial life.

Hawking claims in a documentary titled *Into the Universe With Stephen Hawking* that intelligent alien life forms almost certainly exist - but warns that communicating with them could be "too risky."

"We only have to look at ourselves to see how intelligent life might develop into something we wouldn't want to meet," Hawking said. "I imagine they might exist in massive ships ... having used up all the resources from their home planet. Such advanced aliens would perhaps become nomads, looking to conquer and colonize whatever planets they can reach."

The National Geographic Channel has a program, *Chasing UFO's*. The History Channel has *Ancient Aliens*. The Science Channel is going to debut their new show, *Close Encounters*, at a UFO conference. The Science Channel has also dubbed March *Are We Alone? Month*, focused on the "search for answers to bold new questions about mankind's search for extraterrestrial life."

It isn't nut-jobs who are reporting UFO's. They have been observed in recent times by fighter pilots from several countries, astronauts, commercial airline pilots, military security personnel, presidents, governors of states, air traffic controllers, veteran police officers, and often by hundreds of people at the same time.

One Christian researcher writes about demons and UFO's,

Their ultimate goal is to undermine the authority of the Bible and to distract the world away from the truths it contains. It would also appear that they may intend to use the cover story of ET's removing people from earth as an explanation for a possible rapture of Christians. They will pretend to be looking out for our best interests, and many of the biblically uninformed will accept their misleading messages.

The whole UFO, alien phenomena is part of a much larger web of deception from Satan, demons, and fallen angels.

In fact, I think we could file it under Doctrines of Demons - which is definitely a sign we are in the end times.

In First Timothy 4:1 we're told, "But the Spirit explicitly says that in later times some will fall away from the faith, paying attention to deceitful spirits and doctrines of demons."

Speaking of the rapture... Jesus' coming for the church is presented in the Bible as being imminent - meaning, at any moment, with no signs necessary for Him to come.

Are you ready for the rapture? If not, get ready, stay ready, and keep looking up. ***Ready or not, Jesus is coming!***
