"Priest Gene"

Each week we present what we call a Prophecy Update. This is #412 in that series.

We talk a lot about prophecy because one quarter of the Bible is devoted to it. One in every four verses is either a fulfilled prophecy, or a future one awaiting its fulfillment.

Eighty-percent of the Bible's nearly 2500 prophecies have already come true. Those 20% that have not come true must also be fulfilled to the letter.

It is our belief that we can identify trends in the world, and news, that would be expected in light of the unfulfilled prophecies.

There are many prophecies indicating there will be a Jewish Temple, on its original site, in the last days. Daniel predicted it, and Jesus quoted Daniel.

The Temple Institute, in Israel, has reproduced almost all the implements necessary for Temple services to begin. They've even launched a program to promote Duce a rare unblemished red heifer, whose ashes are needed to purify the implements.

You can't have Temple services without priests. and the priests must be able to show they are descendants of Levi, the priestly tribe.

Thanks to advances in DNA, identifying priests is not going to be a problem.

On September 30th, breakingisraelnews.com posted an article titled, "*Priestly*" Gene Proves Existence of Biblical Jewish Priestly Class.

Excerpts:

Scientists have discovered a gene which can be traced from the Biblical figure of Aaron, the first High Priest of the Jewish people, to a segment of the Jewish population today which carries the priestly lineage.

While it may sound a bit like science fiction, geneticists have verified the link which connects the present-day group of men classified as *kohanim* to the Biblical figure of Aaron, who lived over 3,000 years ago. Demographic studies have shown that *kohanim* have always represented approximately five percent of the total Jewish population.

There are many disputes surrounding the Third Temple, and much work to be done before it can become a reality. However, as hundreds of *kohanim* (Jewish priests) gather at the Western Wall on the third day of the Jewish holiday of Sukkot (Tabernacles) to bless thousands of Jews in a tradition passed down for millennia, the scientific proof of the legend of the Jewish priests shows that one thing is sure: the *kohanim* are here, and ready to begin work.

The Bible predicts a third Temple, and a Third Temple is almost always in the news - just as you'd expect.

The signs that we are headed for the Tribulation are prevalent. We won't be here for any portion of the Tribulation; we will be removed.

The Lord's coming to resurrect the dead in Christ, and to rapture living believers, is imminent, pretribulational, and premillennial.

Are you ready for the rapture? If not, get ready, stay ready, and keep looking up. ***Ready or not, Jesus is coming!***
