"Messiah Mania" Prophecy Update #608

Since we are living in what the Bible calls the last days, we believe we should be able to identify trends in the world that you'd expect from a literal, futurist reading of unfulfilled prophecy.

That is why we focus on Bible prophecy each week for about five-minutes, calling it a "Prophecy Update."

We try to not be sensational. We don't see prophecy in every earthquake or moon phase. We reference our comments with trustworthy sources.

We also try to be careful to point out that we are not claiming these trends to be the fulfillment of prophecy. They are things that seem to resonate with the Bible's yet to be fulfilled last days prophecies. Things you'd expect to be happening.

Israel is the key to prophecy. The yet future seven-year Great Tribulation is also called "the time of Jacob's trouble." By the end of the Tribulation, "all Israel will be saved." Yes, it affects the entire planet; but Israel is center stage.

Messianic hopes are very high in Israel. Here are a few excerpts from an article titled, *Former Chief Rabbi of Israel Hints at Location of the Messiah*.

Rabbi Shlomo Amar, the former Sephardic Chief Rabbi of Israel, had this to say:

"We are in terrible shape. Never before have we had elections like this. I am not a political person and I have not spoken about this before, but there will be another election and perhaps even more after that and I see no way out of it.

Who knows what God is preparing for us, who knows if the Messiah is not already on the way.

"I am not saying this just as a personal opinion. Look at what US President Trump is doing, things we have never dreamed of even in our best dreams. And there is more.

All the leaders who came to Israel. This is impossible to ignore. These are things we never dreamed of. How can these things be if not as preparation for the coming of the Messiah?"

Another article coming out of Israel was titled, *'Miracle Worker' Rabbi Predicts: Trump's 'Peace' Deal Won't Succeed Because Messiah Will Come First.*

Excerpts:

While Israeli Prime Minister Benjamin Netanyahu discusses President Trump's plan for the Middle East, political pundits weigh in on what the 'Deal of the Century' actually entails. Two Israeli mystics have spoken, both predicting that the political program endorsed by the most powerful country in the world will never be actualized.

Rabbi Baruch Abuhatzeira, a prominent Sephardi Israeli mystic, made a remarkable prediction on Monday: "The 'Deal of the Century' will not be enacted because the Messiah will come first."

"Look at the condition of the Arabs. A great terror has fallen on them when they heard that Trump has a plan for peace. But there will be nothing - why? Because the Messiah will come, and he will cancel everything. There will be no plan."

Israel becoming a nation again in the 1940's... That WAS the fulfillment of major Bible prophecies.

Israel as the focus of the world's attention... That IS the fulfillment of major Bible prophecies.

A peace deal? At some point there will be one - just as prophesied. It will, in fact, start the seven-year countdown.

For now we're simply saying that Messianic hopes are at a high level, and that is what you'd expect based on reading the Bible.

Jesus promised He'd return to rapture His church - which entails the resurrection of the dead in Christ of the Church Age, then the translation from earth to Heaven of all living believers.

It is presented in the Bible as an imminent (any-moment) event.

Are you ready for the rapture? If not, get ready, stay ready, and keep looking up. *Ready or not, Jesus is coming!*
