## North American Integration

Bible prophecies are coming true before our very eyes. That's why we like every week to bring what we call a Prophecy Update. We show how news and trends in the world are corroborating centuries-old prophecies found in the Bible.

Several prophetic passages in the Bible have led scholars to suggest that the governments in the last days of human history, especially during the future Great Tribulation, would feature the merging of separate and sovereign nations into regional blocs under regional authority.

The nations of Europe have been trending that way for some time. The European Union, for example, was just recently given the rights at the United Nations that are normally reserved for a sovereign nation.

There are many other unions of nations all around the globe and in many cases they are starting to act as a bloc of nations rather than sovereign, independent nations.

Along these lines it was both fascinating and frightening when *Wikileaks* published a document discussing North American integration. 'Integration' would mean merging Canada, the United States and Mexico into one bloc, a North American Union.

One article about the document was posted on May 5 and was appropriately titled, *Wikileaks Exposes North American Integration Plot*.<sup>1</sup>

Excerpts:

As early as January of 2005, high-ranking officials were discussing the best way to sell the idea of North American "integration" to the public and policymakers while getting around national constitutions.

Some details of the schemes were exposed in a secret 2005 US Embassy cable from Ottawa signed by then-Ambassador Paul Cellucci. The document was released by *WikiLeaks* on April 28.

Numerous topics are discussed in the leaked document – borders, currency, labor, regulation, and more. How to push the integration agenda features particularly prominently.

Under the subject line "Placing a new North American Initiative in its economic policy context," American diplomatic personnel in Canada said they believed an "incremental" path toward North American integration would probably gain the most support from policymakers.

The cable also touts the supposed benefits of merging the three countries and even mentioned what elements to "stress" in future "efforts to promote further integration."

If you read the Bible, you conclude that in the last days the world's sovereign nations will be integrating into regional blocs with regional authority.

When you read the news you see this happening all over the globe. It is prophecy being fulfilled; it is the stage being set upon which will be introduced the antichrist.

I remind you that although we follow the fulfillment of Bible prophecy, we are not waiting for any prophecy to be fulfilled. Jesus promised to return to resurrect and rapture the church as an imminent event. By that we mean the certainty that He may come at any moment and the fact that no prophesied event stands between the believer and that hour.

Are you rapture-ready? If not, get ready, stay ready, and keep looking up.  
***Ready or not, Jesus is coming!***
