

IT MIGHT BE TODAY

"Growing Anti-Semitism"

Week-after-week for the past seven years we have presented a Prophecy Update. This is #374 in that series.

The Bible is almost 30% prophecy, and most of the Bible's over 2500 prophecies have been fulfilled to the letter. We therefore expect the remaining prophecies of the Last Days to be literally fulfilled.

Joel Rosenberg calls Israel, and Jerusalem in particular, the Epicenter. Based on prophecy, we expect Jerusalem to be a source of trouble to all the nations of the world; and we expect the nations of the world to withdraw support from Israel, until she is all alone.

Those things are certainly happening today; and they are worsening.

A recent article, on a trusted and mainstream Jewish news site, was titled, *Secret EU Document Reveals Israel Sanctions Policy*.

Excerpts:

The European Union (EU) has sent a secret document to its 28 member states detailing sanctions to be taken against Israel, if it takes moves the EU feels compromises the creation of an Arab state of 'Palestine' inside Israel.

EU policy up to this point has put the development of ties with Israel as contingent upon the "peace process." The caveat of the new document is that the EU will now take negative steps such as sanctions and restrictions in ties in response to actions it views as being against that process.

A related story was titled, *Explosion of Anti-Semitic Hate Speech in Europe During Gaza Op.*

Excerpts:

The International Network Against Cyber Hate and the Paris-based International League Against Racism and Anti-Semitism released a report Wednesday documenting the explosion of online anti-Semitic hate speech generated during the summer war between Israel and Hamas.

The two groups presented the report, which chronicles the online activity of 10 European countries, at a meeting on anti-Semitism in Berlin, organized by the Organization for Security and Co-operation in Europe (OSCE).

Back in September the NY Times said,

Europe's anti-semitism [is coming] out of the shadows. Four people were fatally shot in May at the Jewish Museum in Brussels. A Jewish-owned pharmacy in a Paris suburb was destroyed in July by youths protesting Israel's military campaign in Gaza. A synagogue in Wuppertal, Germany, was attacked with firebombs. The list goes on.

I'm sure you heard the news that, on the 18th, four were killed and others were hurt in an attack on a Jerusalem synagogue.

Excerpts:

Four prominent rabbis, including three US citizens and one British citizen, were brutally murdered in a terrorist attack at a western Jerusalem synagogue Tuesday morning that left seven other men seriously wounded.

The attack took place shortly after 7AM, when two Arab suspects from east Jerusalem's Jebel Mukaber neighborhood stormed the Kehillat Bnei Torah Synagogue in Har Nof, wielding axes, knives and a pistol, to attack its more than 30 congregants, police said.

The very fact that the Jews still exist as a people, after centuries of dispersion throughout the world, and the hatred against them, is itself a miraculous fulfillment of many prophecies.

At some point, a strong, super-leader is going to step forward to protect Israel. He will sign a 7-year peace treaty with them, allowing them to rebuild their Temple, and promising to defend them.

The Jews won't know that this seeming savior is really the antichrist who will, half way into the 7 years, turn against the Jews, and seek to annihilate them.

Things are trending in that direction.

Where do we fit in? Jesus Christ promised to resurrect and rapture us prior to the antichrist being revealed. We see the stage being set for him; but we won't be here, on the earth, for his grand entrance.

The rapture is an imminent event; and that's why, each week, I ask, *"Are you ready for the rapture?"*

If not, get ready, stay ready, and keep looking up. ***Ready or not, Jesus is coming!***
