“The Shots Felt Around the World” Prophecy Update #670

We reserve a few minutes to discuss current trends that you'd expect from reading Bible prophecy.

We are futurists. We interpret all unfulfilled prophetic passages as future events that will occur in a literal, physical, apocalyptic, and global context.

Biometrics, Artificial Intelligence, cashless commerce, the manipulation of human DNA, global government, the exponential growth of human knowledge, and the rebirth of national Israel are End Times phenomena the Bible predicts. All of these are increasingly trending in the news.

Most of our recent talks have involved the global pandemic.

COVID19 is not prophetic. However, the methods and mandates that are being utilized globally to combat it are predictive of the type of the socio-economic system that will play a significant role in the future government of the antichrist.

Citizens in the future Great Tribulation will be mandated to participate in a system by which they must produce proof of compliance to be allowed to work, shop, dine, or attend entertainment. Their livelihood and lifestyle will be restricted without the proof.

The same thing could be said today as governments continue to struggle with COVID19 vaccines passports.

A vaccine passport is a digital version of a vaccine card. It is a credential that states you have received your full round of COVID19 shots. You present that credential to prove that you are vaccinated.

France passed legislation adopting vaccine passports and their use. The article I read was titled, *French Face 6 Months In Jail For Entering A Bar Or Restaurant Without A COVID Pass.*

Excerpts:

President Emmanuel Macron announced that those unable to prove they're vaccinated or a negative COVID test (at their own cost) will be banned from using public transport, entering a cinema, shopping mall, bar, cafe, restaurant, and other venues starting August 1st.

People unable to present a valid health pass risk up to six months in prison and a fine of up to \$10,000, according to the draft text of the law, while owners of "establishments welcoming the public" who fail to check patrons' passes could go to jail for a year and be hit with a \$45,000 fine.

The government had to withdraw a similar law back in December following numerous riots, **but merely re-introduced the same legislation with even tougher punishments for dissenters.**

Commenting on France not providing free testing, one journalist noted, "Citizens abstaining from the injection will have to pay for a test **each and every time** they wish to go to a shopping center, restaurant, or cafe."

Another article was titled, *Canada's Quebec province to introduce vaccine passport.*

Excerpts:

"The principle behind the vaccine passport is that people who have made the effort to get their two doses should be able to live a semi-normal life," provincial prime minister Francois Legault told a press conference.

Israel has been using vaccine passports for a while. In a recent article Israeli government officials said that COVID19 vaccine passports will expire six months after the second Pfizer dose, meaning that people will need to receive booster shots to keep their passes valid.

Tom Tugendhat is a British Parliament member who serves as Chairman of Foreign Affairs. He said, "Vaccine passports risk a social credit system of control. If we need a vaccine to for events like a party conference or a nightclub - why not to travel by a train, or go to a university lecture or a shop? What other choices will result in denial of service?"

Canadian Prime Minister Trudeau in a recent speech proclaimed what we have learned about COVID19 can be applied to Climate Change. He means that government has learned it can control your behavior with mandates and can thereby implement their environmental agenda.

In an opinion piece, a journalist said, "COVID passport mandates represent a turning point in human history. Countries around the world have gone full authoritarian with their measures on vaccine passports, lockdowns, and military interventions. By coercing, manipulating, and incentivizing individuals to show their papers everywhere they go, nations around the world are quickly becoming police states."

We believe the resurrection and rapture of the church is imminent. It could happen at any moment; nothing needs to happen before it. It *will* happen before the Great Tribulation.

Are you ready for the rapture? If not, Get ready; Stay ready; Keep looking up.

Ready or not, Jesus is coming!
