

# IT MIGHT BE TODAY

***"Who Made You God?"***

***Prophecy Update #813***

We set aside a few minutes most Sunday mornings to identify connections between unfulfilled Bible prophecies and current news & events.

**An entire chapter in the Revelation, chapter 17, is dedicated to the future rise of a global religion.**

While scholars have historically debated whether it is Islam or Roman Catholicism, there is a new contender: Artificial Intelligence.

One resource explained, "AI-based religions could emerge, where people worship a Godhead based on AI."

Bryan Johnson is an American tech entrepreneur. In 2016, Johnson established Kernel, a neuroscience startup focused on developing brain-computer interface technology to monitor and enhance cognitive function.

Beyond his entrepreneurial achievements, Johnson has garnered attention for his commitment to longevity and age reversal. He reportedly invests approximately \$2 million annually in a rigorous health regimen aimed at reversing the aging process. It is documented in the Netflix film *Don't Die: The Man Who Wants to Live Forever*. Regarding that, he recently abandoned a controversial longevity drug amidst fears that it might be accelerating his aging!

He is Mormon by upbringing.

He hasn't abandoned his anti-aging efforts. He still takes his 17yr old son's blood.

Johnson was interviewed by journalist Bari Weiss, and made these controversial statements:

*"We told stories of God creating us, and I think the reality is that we are creating God. We are creating God in the form of superintelligence. If you just say: 'What have we imagined God to be? What are its characteristics?' We are building God in the form of technology."*

Commenting on Johnson's statements, Joel Berry tweeted, *"I've never seen the spirit of anti-Christ captured so succinctly by someone."*

Another tweeted, *"It sure does seem like they're creating an image that speaks and bowing down to it. I am so creeped out by this guy."*

It's getting weird. You can see how AI could play a pivotal role in the global religion prophecies waiting to be fulfilled.

We are not saying that this is the fulfillment of the one-world religion. We are simply pointing out that the Bible predicted this kind of development centuries ago, in a very non-tech time & place.

Jesus promised to resurrect & rapture His Church prior to His Second Coming, and before the Great Tribulation would come upon the whole Earth.

We will not see the revealing of the Antichrist.

The resurrection and rapture of the church is presented as an imminent event. It could happen anytime. Right now, for example.

Are you ready for the rapture? If not, get ready, stay ready, and keep looking up.

***Ready or not Jesus is coming!***
