

IT MIGHT BE TODAY

"His Number Is 6G" Prophecy Update #818

We reserve a few minutes to discuss current trends that you'd expect from reading Bible prophecy.

We are futurists. We interpret all unfulfilled prophetic passages as future events that will occur in a literal, physical, apocalyptic, and global context.

Biometrics, Artificial Intelligence, cashless commerce, the manipulation of human DNA, global government, instantaneous global communication, the exponential growth of human knowledge, and the movement to rebuild a Temple on the Temple Mount in Jerusalem.

These are predicted in the Bible and are trending as never before.

Technological advances interest us because the Book of the Revelation of Jesus Christ predicts a global government whose cashless economy and services will be accessed by a personal biometric identifier. This identifier, on the forehead or hand, will be necessary for a citizen to make purchases and to participate in society. It will create a tyrannical surveillance society. Once considered fanciful - *that system could be implemented right now.*

6G is coming.

One source reported, "6G is the next-generation wireless technology that will succeed 5G, promising significantly faster speeds, lower latency, and more efficient connectivity. It is expected to enable new advancements in artificial intelligence, immersive augmented and virtual reality, and internet-of-things (IoT) applications. Unlike 5G, which primarily improves mobile broadband, 6G aims to integrate AI-driven networks, terahertz (THz) frequencies, and advanced computing to support smart cities, autonomous systems, and even brain-computer interfaces."

Did you catch all that? 6G isn't simply a better phone network. Artificial Intelligence... Immersive augmented and virtual reality... Internet-of-things (IoT) applications...

Advanced computing to support Smart Cities, autonomous systems, and even brain-computer interfaces.

6G will bring together many of the the End Times technologies we talk about. It perfectly describes the rule of antichrist.

They're predicting a launch by 2030.

Author David Bowen writes, "This has been a slow, deliberate march toward total surveillance, control, and the erosion of individual autonomy. Let's understand this has been forty years in the making. 6G isn't just about faster internet, it's about complete integration with AI, automation, and global connectivity."

Samsung is saying 6G will revolutionize the way people interact with technology. They say 6G will address economic, environmental, and societal needs. It will be used in entertainment, medicine, education, and manufacturing.

Quoting David Bowen again, "6G will mean the total automation of society - every action, conversation, and movement tracked, monitored, and potentially controlled."¹

That is a good description of the reach & authority the government of the future Great Tribulation will exercise.

Jesus promised, "I also will keep you from the hour of trial which shall come upon the whole world, to test those who dwell on the Earth" (Revelation 3:10).

The resurrection and rapture of the church is always imminent. It could happen any moment; nothing needs to happen before it.

Are you ready for the rapture? If not, Get ready; Stay ready; Keep looking up.

Ready or not, Jesus is coming!
